

COMPANY OVERVIEW

Horton, iT Enterprises is a Service-Disabled Veteran-Owned Small Business that excels in delivering a comprehensive suite of information technology services, cybersecurity operations, logistics, and facility management solutions. With a focus on innovation and excellence, we offer expert support for IT systems, critical infrastructure, and security operations, ensuring the highest levels of performance and protection. Our team's extensive experience in executing complex contracts, coupled with our ability to provide end-to-end service, positions us as a trusted partner for government agencies, commercial organizations, and businesses in need of reliable, scalable, and cost-effective solutions.

Please reach out for more information about our services and federal contracting abilities.
